PROJECT: It will be the 3rd year that Concordia has a partnership with the village. Juigné sur Sarthe is a charming little Middle Age village that dominates the Valley of Sarthe River. The centre of the village has a church with a 12th century bell, a priory and typical houses from weavers. The municipality, proud of its patrimony, has started to work on the protection of the sites by restoring different walls. After an archaeological site, pre-historical background of the walls was discovered. The village collaborates last year with Concordia in order to restore the town walls, at the entrance of the village. It will help to improve the living conditions of the inhabitants, who wait for you with open arms!

WORK: You will continue and finish pointing the wall in a traditional way.

LOCATION: In the south-west of Sarthe, between Angers and Le Mans about 45 km away from each town.

ACOMMODATION: You will be accommodated in a collective lodging in the football stadium. Sanitary facilities are situated in the changing rooms. Bring a sleeping-mat and a sleeping bag.

TERMINAL: Meeting-Point at the train station (Gare SNCF) in Sablé sur Sarthe.

Special remarks: Scaffolding certificate mandatory
