Description of Workcamp:	Leg27 Roasio 14vol (18+)	Roasio (Bi) Piemonte	12.07 ¿ 26.07 ENVI

Project: The main purpose of the work camp is to restore the ancient path previously used by the locals in their everyday life. Volunteers will work and cooperate closely with the villagers at the organization of typical festivals to help them improve their relationship with the territory. Indeed, this project wants to stress the sense of belonging to the territory and to traditions without forgetting the discovery of the historical, artistic and naturalistic features of the area, such as the so called ¿rive rosse¿ (red shores) or such as the excellent ¿Bramaterra¿ wine.

Work: Volunteers will be involved in the restoration of ancient paths abandoned during the last years because of men¿s negligence.

Location: Roasio and Villa del Bosco are two small villages located in a natural basin surrounded by calcareous rocks, woods and red earths.

Accommodation: Volunteers will be hosted in a municipal building placed in the center of the village.

Language: English will be the official language of the work camp.

Terminal: Milan International Airport or Torino International Airport / Biella S. Paolo Railway Station.
