<b>DESCRIPTION OF THE WORLCAMP ACTIVITIES</b>			
<p>Dans un petit village, vous participerez à la reconstruction d'un bâtiment ruiné en utilisant les techniques de construction de l'habitat méditerranéen. Une fois restauré, ce bâtiment de trois niveaux abritera différentes salles à l'usage des habitants. Cette année nous travaillerons essentiellement sur les finitions intérieures en vue d'une mise en service progressive des locaux : pose du carrelage, enduit et badigeon à la chaux, pose de portes, cloisons plâtrées. Le chantier se déroule le matin de 8h à 12h30, du lundi au vendredi. Les week-ends et les après-midi sont libres : sieste, randonnée, baignade à la rivière, découverte des Corbières.</p> <p><i>In a village of 80 inhabitants, you will participate in the rebuilding of a ruined house and by the way discover different techniques of the Mediterranean traditional architecture. Through the development of the different steps of restoration, you will have the opportunity to lay tile, flooring, plaster, whitewash, ceilings, walls plastering. You also will build a chimney. Leisure activities and free time : Swimming and discovery of the Corbières région. The restoration activities take place in the morning only from 8am to 12.30pm, from Monday to Friday. Weekends and afternoons are free: napping, hiking, swimming in the River. Lunches are provided by two cooks. Prepared with fresh products, they are always very appreciated. The organization of collective life and preparing evening meals are helped by volunteers in turn. This project is for motivated and mature volunteers only.</i></p>			
<b>DESCRIPTION OF THE HOSTING LOCAL ASSOCIATION</b>			
<p>Le village de Coustouge se situe dans le massif des Corbières et compte quatre-vingt habitants. Bâti sur les fondations d'un ancien château médiéval dont il a gardé la forme, le centre du village se structure autour d'une place circulaire, la place du Rond. L'association l'Ormeau a pour projet de (re)construire un bâtiment ruiné de cette place et de redonner leur cohérence à la place et au bâti. Les locaux qui seront créés seront à usage collectif et associatif. Axé sur la valorisation du patrimoine, le projet de l'association s'inscrit également dans une dynamique locale ; il entend développer une action collective au sein même du village. Pour mener à bien ce projet l'association organise des chantiers de bénévoles au cours desquels les participants sont initiés aux techniques traditionnelles locales de construction.</p> <p><i>The Coustouge village is located in the Massif des Corbières and has eighty inhabitants. Built on the foundations of a medieval castle whom he kept its shape, the center of the village is structured around a circular plaza, the Place du Rond. The association's project is to (re) construct a building. This building will be devoted to collective use and associations. The association is also part of a dynamic local life and intends to develop interaction with the village inhabitants. To carry out this project the association organizes volunteer projects in which participants are introduced to local architecture traditional techniques.</i></p>
