Description of IJGD 1308

Workcamp: NATURE PUZZLE FOR SPECIES PROTECTION

City: Reicholzheim

30/07-20/08/11

ENVI

15 VOLS

WORK: Reicholzheim is home to the only wine cliff in the Taubertal region, the „Reicholzheimer Satzenberg“, which is known by its walls made of colorful sandstone. This biotope is home to many plant and animal species, especially insects, and its walls serve to protect the area from erosion. Since the walls are in need of a bit of work in a few spots, it is your teams job to bring them back to life. You will be working in three groups of five, each with an expert to accompany you, to make this a reality, all while enjoying the scenery of the Taubertal.

ACCOMODATION: You will be sleeping on mattresses in the gym in Reicholzheim.

Catering: Meals will be prepared as a group.

LANGUAGE: ENGLISH / and : English

LOCATION: In the area and the „Liebliches Taubertal“ region you can visit countless fortresses, castles, cloisters, and museums. The Bronnback Cloister is close by, and here you can take a tour and then have a bonfire in the evening.

The region also loans itself to bike tours and hikes, and there is a bike trail „Liebliches Taubertal-Der Klassiker“ on which you can ride from Rothenburg ob der Tauber to Wertheim, and afterwards you can take the train back. A beloved hiking area is the panorama hiking path between Wertheim, Reicholzheim, and Tauberbischofsheim. In Wertheim, you can visit the forest, the glass museum, the heated pool and waterslide, a mini golf course, as well as everything else the city has to offer. Music lovers can enjoy the Rothenburg das Taubertal Festival from August 12-14 (<http://2011.taubertal-festival.de/>), which however costs about 90 Euros.

Location: Baden-Wurttemberg; Frankfurt a. M. 100 km

TERMINAL: Reicholzheim

SPECIAL REQUIREMENTS: Work may be physically challenging at times.
