Description of Workcamp: CONC 152 BLOIS 6/07-27/07 CULT/SOCI 18+

PROJECT: For the second year, the town of Blois will welcome a group of international volunteers. Blois is a well-known cultural city thanks to its history. Indeed, there are about ten castles in the surroundings, of which the most famous are the Châteaux de Chambord, Cheverny and Blois. Many festivities take place in July: festivals (¿Délires d'été¿, ¿Guinguettes¿, ¿Tremplin Rock¿), open-air film screenings, fireworks display with concert. Nature also takes an important part in the local life, with the Loire Valley, that has been inscribed on the UNESCO World Heritage since 2000.

This year, the subject of the workcamp will be the realisation of an artistic fresco to emphasize the entrance to the youth house, one of the different phases of the renovation of the building. This house, called ¿Arc-en-ciel¿, accommodates musical groups, companies, graphic artists¿ The workcamp will be a way for joining different people around a common project. Beyond this action, the municipality wants to stress on the youngsters¿ commitments at local and international levels, to create links and organize meetings between the different cultures, the local players and the inhabitants.
