**Description of Workcamp:** ELIX01 NEA MAKRI I ATTICA ENVI 04/07/11 18/07/11 9 18+ (30 euros)  
PARTNER

It's going to be a new cooperation with the newlywed Municipality of Marathonas that has been united with Nea Makri. Elix is organising the eighth time the workcamp there together with the Volunteer Fire Brigade of Neos Voutzas and the Municipality of Nea Makri.

**WORK**

Volunteers will support the protection of the forest that surrounds the area and clean preservation of the beaches. Volunteers will work in shifts, on a fire tower and on the beaches. The camp leaders will distribute daily the shifts and tasks to the group of volunteers, so that everyone participates in all types of work.

**ACCOMMODATION & FOOD**

Volunteers will be hosted in the 5th Campsite for Children of Eastern Attica Prefecture, in small bungalows for four people (beds, toilets, showers will be provided). Volunteers will be responsible to keep their houses clean. All meals of the day will be provided by the Camp's restaurant.

**LOCATION & LEISURE**

Nea Makri is a small city by the beach in eastern Attica, only 32 km away from Athens. The community was at first created by Greeks who came from the coastline of Minor Asia, in 1924. It is a beautiful and special area, surrounded by a forest that almost reaches the beach. The classic Marathonian way passes through there, for 7,5 km. During the past few years, the small city was highly developed, relatively to residential, economical and tourist parameters. As a tourist destination, during summer months, hosts over than 55.000 - 60.000 people, as there are many Athenians, who own beach houses there. In summer, one can enjoy nightlife and beautiful beaches. Finally, Nea Makri is an area of archaeological interest too, as there are several ancient temples from the 5th century B.C.

In their free time, participants will have the opportunity to get in touch with the everyday life of the village; they may attend events organised by the authorities during the period of their stay (concerts, performances, etc.) and communicate with locals and tourists. Volunteers will discuss their free time activities with their camp leaders; together they are going to organise excursions and visits around the area.
